Network*

presents

Grandparents Climate Action Day

presenting

Keynote Speakers, Dr. James Hansen and Lynne Twist September 9, 2015

Get trained to lobby for effective climate change legislation on September 9th. On the September 10th, advocate for coming generations on the Hill as part of a lobbying team.

Rally with hundreds of elders on the steps of the Capitol Building. Bring an urgent message to our nation's leaders that now is the time to take strong action on a comprehensive national energy policy to combat climate change.

The grandchildren and future generations depend on us.

**Locally co-sponsored by Unitarian Universalists for Social Justice
info@uusj.org 202-600-9132**
