Prices vary widely based on dates

Hotels

Pricing will vary widely from \$125-\$500/night, depending on hotel, time, and number of rooms guaranteed. It would be a goal to see if we can get \$150-\$175 room rate for quad occupancy rooms (they may be on the metro in Northern VA). Specific dates and room guarantees would be necessary to shop around.

Community Housing

March for our Lives was able to generate 1600 individual and institutional offers of housing using a simple web tool (and a number of volunteers).
