

Provide Permanent Protection for DACA Recipients

Tell Congress it is really time to step up and pass legislation to provide permanent protection for the Dreamers, and other DACA recipients!

Polls show a strong majority of registered voters (more than 70% in some polls) favor an earned path to citizenship for Dreamers. Only Congress can provide permanent stability for DACA recipients. Please act to urge Congress to step up and pass legislation to protect Dreamers, and other DACA recipients now.

To support DACA families and to ensure a vibrant economic future for the communities in which they live, we need a comprehensive solution that includes both current DACA recipients and the hundreds of thousands of child arrivals who arrived after the effective date of the original DACA policy.
